The Frankford High School soccer team easily defeated the South Philadelphia High School in a one-sided contest yesterday, 4-0. The game was played in the yard of the downtown institution. The first ten minutes of the game was the best part of it; the ball was kept going from one side of the field to the other, without anybody scoring. But then the Frankford team got together and completely outplayed their opponents, and before the half was over they registered three goals.

Thompson's share of this rally was all the time in Southern's territory, but Frankford was only able to score once during the whole half. This was from a penalty kick, which Blair succeeded in converting into a score. Thompson starred for the victors by his dribbling and also by kicking. Bears palyed a sensational game for the losgrs.

Lentz gained fame on the gridleron largely did a billity in leading the interference With Rodgers, Hile, King, Bailey Brooks, Hager, Ies, Mills and Lewis lost by graduation this year, Lentz will have a tough time of its uext year. However, ten letter men are test, and they phould be a good nucleus for the varsity

Latso Outpointed by Britton Johnstown, Fa., Dec. 10.—Steve Latso. of Hazleton, after getting away to a poor start sgainst Jack Britton, welterweight champion, last night finished strong in the tentin round. The champion was wary, refusing to open up, but held the miner in check with strong body punches. Although willing at all times Latso was unable to touch a vital spot. The Hazleton lad took lots of punishment, but finished on the aggressive. Britton was entitled to the verdict.

Filipino in Four-Round Draw Battling Prosisco, the Filipino bantamient champion, fought a four-round draw Jimmy Austin in the stellar number the weekly bouts at the Gayety Theatre, st night. In the other bouts, Young schier stopped Harry Lewis in the fourth und, and Eddie Bass outpointed Bill Ferson in four rounds.

The conversion of Hopewell, Virginia, from war to peace industry has created manufacturing opportunities which we believe are without precedent in industrial history. Especially is this true in regard to certain industries, a partial list of which is given in the adjoining

This list was compiled by our technical experts and industrial engineers from an exhaustive study into the peculiar requirements of each industry. In every case especial attention was centered on what advantages Hopewell had to offer as regards the accessiblity of raw material, the amount of suitable labor available and the cost of production. Other industries are being investigated.

We are convinced, as a result of our investigations thus far, that to manufacturers or prospective manufacturers and executives who have the vision and ability to do big things in a big way, Hopewell presents opportunity unequaled anywhere else in the United States.

Hopewell's Big Advantages

ASIDE FROM THOSE THAT PLACE CER-TAIN INDUSTRIES IN A PREFERRED CLASS, HOPEWELL HAS MANY UN-EXCELLED ADVANTAGES THAT APPLY EQUALLY TO ALL INDUSTRY. Among these advantages are the following:

> Adequate Labor, Male and Female Homes for 12,000 More Workers Railway Center and Tidewater Port Low-Priced Steam and Electricity Abundance of Purest Water Accessible Raw Materials Best Steam Coal in the World Factories Built and Available Factory Sites With Railway Sidings Best Fire Protection in World Unique Insurance Proposition Low Living Costs to Workers Fine Civic Environment Low Taxes Adequate Banking Help Mild and Healthful Climate

A Good Place to Live

Hopewell is a good place in which to live as well as do business. It has hundreds of attractive houses, cottages and bungalows available now; also churches, schools, clubs, theatres, stores, a commissary operating on a low costplus basis, storage houses, ice plants, Y. M. C. A., Y. W. C. A., electric light, trolleys, sewers, and, in fact, everything that constitutes a modern city.

Hopewell is part of the Petersburg-Hopewell Industrial District. It lies 23 miles south of Richmond and 82 miles west of Norfolk, at the junction of the Appomattox and James Rivers -a deep-water port-in reality a part of Chesapeake Bay.

Factories and Sites

We have prepared Hopewell for peace industry with as much thoroughness as it was built for war. We have a limited number of factories ready to turn on electric or steam power. We also have splendid sites for new buildings, with railway sidings already built, making it possible to load cars at the factory door for interstate shipping or for running out on the Hopewell wharf to load on ships. These, with other industrial equipment-our peace surplus-we now offer for sale direct to manufacturers at attractive prices and on liberal

We are not attempting to sell Hopewell to one manufacturer or a group of manufacturers. YOU CAN BUY A LARGE FACTORY OR A SMALL FACTORY-A LARGE SITE OR A SMALL SITE.

Write for Data

If you are a manufacturer looking for a more favorable location for your plant or a branch factory; or if you are a prospective manufacturer seeking a place to begin business, let us give you specific data regarding Hopewell.

If you are engaged in one of the industries named in the adjoining column, check it off on the list and mail today. If not, write or wire the name of your industry and we will give you an unbiased report on how Hopewell will fit your needs.
